

TOWEL WARMER

Product Number: HEA-HTC

Traditional Electric Towel Warmer - Wall Mounted or Freestanding Portable (Polished Chrome)

This towel warmer/drying rail may heat up your life. Step out of the bath and into a warm towel. Just face it, you deserve to be pampered! May be used to warm and dry multiple towels, jackets, under garments, pants and more. Easily mounts on wall or can stand alone on floor (all hardware included). Heated with the Filatherm dry element technology, oil and liquid free.
