

MANUFACTURE OF INDUSTRIAL MEASURING DEVICES AND AUTOMATION EQUIPMENT

APLISENS®

Devices for pressure measurement or level measurement in open tank

APC-2000ALW

Smart pressure transmitter model APC-2000 ALW

- Measuring range:
min. 0 ... 1 mbar; max. 0... 1000 bar
- Output signal: 4...20 mA, 0...20 mA, 0...5 mA
Hart, Profibus PA
- Intrinsic safety and explosion proof certificates
- Accuracy: 0,075%
- Process connection: 1/2NPT, M20 x 1,5; G 1/2";
flush diaphragm (G 1/2"; G 1"; M30 x 2);
diaphragm seals;

APCE-2000

Smart pressure transmitter model APCE-2000PD and APCE-2000PZ

- Measuring range:
min. 0 ... 1 mbar; max. 0... 1000 bar
- Output signal: 4...20 mA, Hart
- Accuracy: 0,1%
- Process connection: 1/2NPT, M20 x 1,5; G 1/2";
flush diaphragm (G 1/2"; G 1"; M30 x 2); diaphragm seals;

PCE-28

Pressure transmitter model PCE-28

- Measuring range:
min. 0 ... 10 mbar; max. 0... 1000 bar
- Output signal: 4...20 mA, 0...10 V, 0-2,5V
- Accuracy: 0,2% (0,16%)
- Process connection: 1/2NPT, M20 x 1,5; G 1/2";
flush diaphragm (G 1/2"; G 1"; M30 x 2);
diaphragm seals;

APC-2000ALW

Smart pressure transmitter model APC-2000ALW with direct or remote diaphragm seal

- Measuring range:
min. 0,1 bar; max. 25 bar
- Output signal: 4...20 mA,
0...20 mA or 0...5 mA, Hart,
Profibus PA
- Accuracy: 0,1%
- Intrinsic safety and explosion
proof certificates

Hydrostatic level probes

SGE-25, SGE-16

Hydrostatic level probes

- Measuring range:
from 1 up to 500 mmH₂O
- Output signal: 4...20 mA
0...10V, 0...2,5V (SGE-25 only)
- Accuracy: 0,2%
- Hastelloy/316Lss diaphragm

SGE-25S, SGE-25C

Hydrostatic level probes

- Measuring range:
from 2 up to 20 mmH₂O
- Output signal: 4...20 mA
0...10V, 0...2,5V
- Accuracy: 0,5%
- Hastelloy/316Lss diaphragm

SGE-25.Smart, SGE-25S.Smart

Smart hydrostatic level probes

- Measuring range:
from 1 up to 100 mmH₂O
- Output signal: 4...20 mA, Hart
- Accuracy: 0,1%
- Hastelloy/316Lss diaphragm
- Titanium version (SGE-25S.Smart only)

PCE-28P

Hydrostatic level probes

- Measuring range:
from 200 up to 3000 mmH₂O
- Output signal: 4...20 mA
- Accuracy: 0,16%

Devices for measurement of difference pressure or level in pressure tanks

APR-2000ALW

Smart differential pressure transmitter model APR-2000ALW

- Measuring range: min. 0... 4 mbar; max. 0... 16 bar
- Output signal: 4...20 mA, 0...20 mA, 0...5 mA, Hart, Profibus PA
- Intrinsic safety and explosion proof certificates
- Accuracy: 0,075%
- Hastelloy diaphragms

APRE-2000

Smart differential pressure transmitter model APRE-2000PD and APRE-2000PZ

- Measuring range: min. 0... 4 mbar; max. 0... 16 bar
- Output signal: 4...20 mA, Hart
- Accuracy: 0,075%
- Hastelloy diaphragms

APR-2000GALW

Smart differential pressure transmitter for low ranges APR-2000G/AL

- Measuring range: min. 0...0,2 mbar; max. 0... 200 mbar
- Output signal: 4...20 mA, Hart
- Accuracy: 0,1%
- Process connection: Ø 6x1 pipe, mounted with a valve manifold

APRE-2000G

Smart differential pressure transmitter for low ranges APRE-2000G

- Measuring range: min. 0...0,2 mbar; max. 0... 200 mbar
- Output signal: 4...20 mA, Hart
- Accuracy: 0,1%
- Process connection: Ø 6x1 pipe, mounted with a valve manifold

APR-2000ALW, APRE-2000 with direct diaphragm seal

Smart differential pressure transmitter with direct diaphragm seal

- Measuring range: min. 0...0,1mH₂O; max. 0... 16 bar
- Output signal: 4...20 mA, 0...20 mA or 0...5 mA, Hart, Profibus PA
- Intrinsic safety and explosion proof certificates
- Accuracy: 0,1%

APR-2200ALW

Smart differential pressure transmitter with direct and/or remote diaphragm seals

- Measuring range: min. 0...0,1mH₂O; max. 0... 16 bar
- Output signal: 4...20 mA, Hart, Profibus PA
- Intrinsic safety and explosion proof certificates
- Accuracy: 0,1%

PRE-28

Differential pressure transmitter model PRE-28

- Measuring range: min. 0... 16mbar; max. 0... 16 bar
- Output signal: 4...20 mA, 0...10V
- Accuracy: 0,25%

AS-dP

Differential pressure transmitter model AS-dP

- Measuring range: 0...1, 0...2,5, 0...4, 0...6 bar
- Output signal: 4...20 mA, 0...10V
- Accuracy: 0,4%

Diaphragm seals

Diaphragm seals

- Diaphragm seals according to DIN 2501 and ANSI B 16,5 norms
- Diameter form DN 25 to DN 100
- Wetted parts material:
 - 316Lss (standard)
 - Hastelloy
 - Monel
 - Tantalum
 - Titanium
- Sanitary diaphragm seals type:
 - DIN 11851
 - Tri-Clamp
 - SMS
 - S-Poziom
 - Varivent

Display and digital indicators

Displays and digital indicators

- Displays type
 - WW-45
 - WW-11N
 - WW-30
 - PMS-920
 - PMS-770T
 - PMS-970P
 - PMS-620N
- Displays options
 - Universal measuring input
 - 4-20mA, 0-20mA, 0-10V
 - Relay outputs
 - Integrated power supply 24V DC
 - Passive current output
- Data logger PMS-90-R

Power supplies, isolators, signal converters

Power supply, isolators, signal converters

- Power supplies
 - output voltage (value from 5 to 28V DC)
 - standard 24 V DC
 - galvanic separation
- Isolators, signal converters
 - transformer-based galvanic isolation
 - with or without internal power supply
 - single circuit or dual circuit version
 - possibility of choice input and output signal
- Ex barriers

Temperature sensors

Temperature sensors

- Resistance and thermoelectric temperature sensors
- For various branch of industry (cement industry, energy industry, food industry, etc)
- Measuring temperature from -200 to 1600°C
- ATEX certificate
- Any immersion length

Temperature transmitters

Temperature transmitters

HART
COMMUNICATION PROTOCOL

- Head-mounted and rail-mounted temperature transmitters
- Models AT, ATL only resistant input
- Models GI-22, LI-23, LI-24 universal input
- Output signal 4-20mA, Hart protocol
- Thermoresistance line compensation (3wires line)
- Programmable measuring range
- ATEX certificate

Valves and fitting accessories

Valves and fitting accessories

- 5-valve, 3-valve, 2-valve manifolds
- Needle valves
- Mounting brackets
- Impulse lines
- Sockets for fitting transmitters
- Thread adapters

You can find more information about our products in product catalogue or on website www.aplisens.pl

Distributor in Norway

Flow-Teknikk as

Address : Postbox 244, NO-1377 Billingstad

Street : Olav Brunborgsv. 27, NO-1396 Billingstad
