

# Maritime Monitoring

Maritime Montering AS was established in 1981 with the intent to deliver innovative and high quality interior design to vessels and rigs. After almost four decades in the industry, we are proud to have successfully completed more than 1,000 projects all over the world. The headquarter of Maritime Montering AS is located in the western part of Norway between mountains and fjords, where the maritime life has always been a central resource for the local communities and businesses.

The challenging natural environment and weather conditions have inspired our interior design and our products are made accordingly to ensure the best results for our customers.

Maritime Montering AS is part of the MARINACC Group which has subsidiaries strategically placed in Poland, Romania, Turkey and India. Our 400 employees, including the best engineers and designers, work to deliver world class maritime and offshore outfitting.

“Maritime Montering is the preferred and trusted supplier of turnkey ship accommodation world wide”

Our head office in Bygstad, Norway.

Voyager, 2017 - Dayroom

Voyager, 2017 - Messroom

Voyager, 2017 - State cabin

Voyager, 2017 - Cabin

Voyager, 2017 - Staircase & hallway

If you are looking for a turnkey solution, look no further!

With industry experience spanning four decades we have developed a wide range of services to meet the needs of every customer in the maritime and offshore sectors. Our ability to offer a customized package and services based on your requirements sets us apart.

We offer multiple solutions:

- Turnkey solutions
- Material packages with supervision and expert outfitting teams
- Consulting, engineering, design and visualisations

We comply with all regulations noted in our industry, like DNV, SOLAS, IMO, NORSOK and RR.

Our suppliers are strategic partners, and we are developing ever closer working relationships with them while staying true to our values.
