Nordan Marine Service & Repair for:

- Cargo Deep well Pumps
- Cargo Booster Pumps
- Ballast pumps
- Safety Relief Valves

Your partner in Marine and Offshore Pumps

Service & Repair

Inspection & Service

Nordan Marine has a wide ranging experience with Cargo pump Systems and Safety Relief Valves. Our office is located in Frederikshavn, Denmark, and offering our customers technical advice on matters with operational problems with Cargo pumps and Safety Relief Valves.

Cargo Pump systems

Nordan Marine trained and experienced service engineers travel around the world on a 24 hour basis. We offer a wide range of service for:

- Deep well Cargo Pump
- Booster Pumps
- Ballast Pumps

Of many different types, for example:
Thune Eureka • Kværner Eureka • Svanebjerg • Desmi • Hamworthy • Nigata Worthington • Shinko • Thermo Mechanical • Guinard • Teikuko and David Brown.

We offer inspections and pre docking assessments of Cargo pumps as well as reconditions of impellers, shafts and mechanical seals on an exchange basis.

Safety Relief Valve

Our teams have been trained and certified to test and overhaul cargo safety valves on LPG-LPG and LNG tankers.

Spare Parts

As part of Nordan Marines' service, we carry a large stock of common spare parts for Cargo, Ballast and Booster pumps such as Thune Eureka, Kværner Eureka, Hamworthy, Svanebjerg and Desmi at very competitive prices. We stock common parts for Safety Relief Valves for LPG/LNG tankers and offers therefore short delivery times.

24 hours service

Our certified and trained service engineer teams travel around the world on a 24 hours basis.

Deep Well Pumps

LPG / Ethylen and combined
LEG / Chemical Tankers
Product and Oil Tankers

Nordan Marine is specialist in service and repair on many different types of long shaft cargo pumps like:

- Hamworthy / Svanehøj
- Thune Eureka / Kværner
- Desmi
- Shinko
- Guinard
- Teikuko
- Nigata Worthington
- Termo Mechanical

and many more.

Nordan Marines' service supplies also spare parts to Deep well pumps.

Cargo Booster Pumps

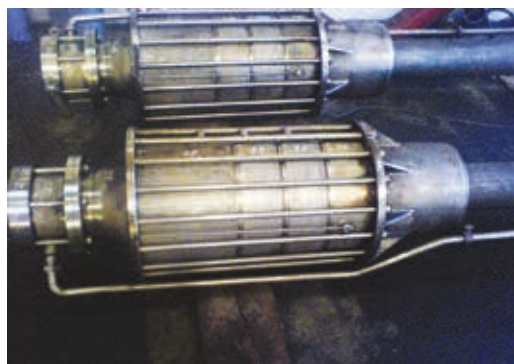

LPG/Ethylene and combined
LEG/Chemical Tankers

Nordan Marine service and repairs Booster- and Ballast pumps of various makes and designs such as:

- Hamworthy/Svanehøj
- Thune Eureka/Kværner
- Desmi

and many more.

We overhaul and/or rebuild mechanical seals on some of the booster pumps in order to keep cost down for the ship owners.

Safety Relief Valves

LPG – LEG and LNG tankers

Nordan Marine works closely with TYCO / Anderson & Greenwood.

Our teams have been trained and certified to test and overhaul cargo safety valves.

The same specialist is experienced with other makes such as:

- Fukui
- Luceat
- Leser
- Sempell
- Hindle
- Keystone
- Press-Vac
- Samson
- Flow Safe

Nordan Marine supplies new valves as well as soft good kit for all Andersen & Greenwood valves.

Certified

Nordan Marine service engineers are trained by Tyco valves & Controls. Nordan Marine tests an issue test certificate on Cargo Safety Valves.
