

**RENTAL - SALE - SERVICE**

**DIESEL POWERED COMPRESSORS**

**Capacity 3,5 to 27 m<sup>3</sup>/min. 0-25 Bar**

**For technical data - see other side**

**Offshore compressors certified for Zone 2 classified area - ask for leaflet**

**Please contact Scan Tech for more information!**

**A James Fisher Group Company**

# COMPRESSORS FOR INDUSTRY

## Towable Compressors

Type	Working Pressure Bar	Capacity m <sup>3</sup> /min-l/sec	Max weight kg	L/W/H	Engine size kW/hp	Fuel tank/l
XAS 66	8,0	3,7/61	850	2,9/1,3/1,3	30/40	46
XAS175	8,5	10,3/173	1750	4,4/1,6/1,5	84/111	150

## Compressors on skid

Type	Working Pressure Bar	Capacity m <sup>3</sup> /min-l/sec	Max weight kg	L/W/H	Engine size kW/hp	Fuel tank/l
SM 17 BL	8,0	17/297	4200	4,0/1,9/1,9	156/210	530
FK-XA350	8,0	21/350	4900	4,0/2,0/2,0	156/210	400
SM 23 BL	8,0 + 11 bar	23/375	5300	4,3/1,9/1,9	183/246	575
SM 27 BL	8,0	27/460	5300	4,3/1,9/1,9	216/290	575
SM14 BL12	12,0	14/240	4200	4,0/1,9/1,9	156/210	530
XRVS455MD	25,0	27/450	7400	4,5/2,4/2,4	286/385	665

All compressors are certified to DNV 2.7.1.

Alle compressors have a «Shut Down» system, stopping the engine at:

- Low Lube-oil pressure.
- High engine temperature.
- High compressor temperature.

Safety equipment:

- Spark arrestor for exhaust.
- Emergency stop connected to a valve in the air intake.
- Gas alarm with automatic stop of engine.

Accessories available:

- Coolers.
- Pressure tanks.
- Adsorption dryers.
- Filters
- Manifold
